

**Oriane ONIMUS****Neuroscientist, Principal Scientist, Researcher**

I am in my 4th year of PhD in Neuroscience, at the BFA Unit, Université Paris Cité, CNRS. Beyond Neurosciences, my main project also involves Physiology and Metabolism with therapeutic perspectives.

 orianeonimus@gmail.com**Core business****PHASE 1 Skill development**

Throughout my professional experience, involving my 3 year of PhD and all along my different internships, I have learned to adapt myself and learn from my own experiments and others. Firstly at a practical scale, learning different technics but also to develop interdisciplinary theoretical knowledge (metabolism, biology, Neuroscience) and soft skills required in research such as communicating, leading a project, tutoring students.

- *Sets his professional goals to be ambitious yet realistic.*
- *Identifies and develops means to enhance his employability throughout his career; manages his professional development.*
- *Broadens and upgrades his skillset, personal qualities and achievements.*
- *Uses his networks to expand his scope of competence.*
- *Knows how to transfer his expertise to other fields of activity.*
- *Realizes the necessarily international dimension of his career path.*
- *Accepts input from a mentor or coach to benefit his professional development.*
